

BARNEY AND BARNEY

9171 Towne Centre Dr., Suite 500

This 36,500-square-foot project consisted of complete demolition of two full floors and the build-out of new interior space designed by Scott Peterson of Gensler Architects. The project consisted of new entry lobbies with hard lids and accent lighting, new conference centers equipped with state-of-the-art audio visual systems, new executive offices throughout mixed with open space for furniture systems, and a new data center. The Prevost team coordinated the efforts of their subcontractors as well as the building owner, property manager, tenant rep project manager and multiple tenant vendors, to complete the entire project in 12 weeks.

AMOUNT: \$1.3 MILLION

DESCRIPTION: 36,500-SQUARE-FOOT CLASS A OFFICE
