

JAMIE PREVOST
[President]

SUMMARY OF QUALIFICATIONS

Jamie Prevost is a dedicated professional with over 18 years of experience with Prevost Construction, Inc. Specializing in fast track tenant improvement projects, Jamie works directly with owners, tenants and architects in preparing construction budgets, timeline schedules, plan development and value engineering. Having served as project superintendent for seven years and a project manager for five years, Jamie possesses expert technical ability as well as strong problem solving capabilities. This, along with his working knowledge of current building codes and ADA requirements, allows Jamie to lead clients through the plan development stages of a project to eliminate potential problems during construction. As a project executive, Jamie oversees all project managers to ensure the client receives expert guidance throughout the construction process to achieve superior results.
